

2025-2026 U9 season recap

The 2025-2026 Chebucto U9 season was successful across the board. Tim Hortons discontinued their jersey sponsorship for U9 this year but fortunately we were able to secure 6 corporate sponsorships to source new Chebucto branded jerseys, for the entire division, and socks. U9 players wore their jerseys proudly. CMHA should be able to use these jerseys for many years to come. This season we had 5 U9 teams, 2 developmental, 2 intermediate and 1 advancing. All levels had lots of volunteers, all were engaged and fantastic. All teams saw development and were highly competitive in league games and tournaments. Unfortunately practice schedules conflicted with private hockey schedules and this impacted many players at the advancing and intermediate levels, as well as coaching. This is hard to plan, but is something that needs consideration going forward to maximize success within CMHA and players development. Overall it was a great season for the U9 division at CMHA.
