

Chebucto Minor Hockey Association
Vice President, Administration
Year-End Report 2025-2026

The 2025-2026 season was my first year as Vice President Administration, and I would like to say thank you to the other board members for such a smooth transition into the roll.

The VP Administration role supports the Board Executive's meetings and communications and provides coordination with other board members, as well as supporting team managers, especially during the start-up of the season.

For the 2025-2026 year, I helped coordinate start-up for team managers and coaches, acted as administrator for the GrayJay site, maintained team staff lists, attended board meetings and recorded minutes.

Thank you to all team managers, board members, and parents who supported this work.

Breagh Hyde

VP Administration, CMHA
