# ICE MANAGEMENT

- Ice Scheduler email - [ice@halifaxhawks.ca](mailto:ice@halifaxhawks.ca)
- The Hawks use software called Skedda to manage ice.
- Each team will receive an account for Skedda (see Communication slide)
- **Practices in GrayJay** - Please make sure all practices are input into Gray Jay. This way the Hawks ice scheduler as well as ice schedulers from other associations can view conflicts.
- **TOURNAMENTS** – please make sure you let the Ice Coordinator know dates ASAP are attending tournaments so that ice does not go unused.
- Please make sure you include an email contacts for the manager and coach when you input bench staff in GrayJay. This is where other teams from other MHAs will look when they want to set up exhibition games etc.
- It is up to manager to search for extra ice for exhibition games or practices if this is something your team has budgeted for
- Game sheet sticker template if on the Managers page if needed
