1. PLAYER EVALUATION SCORES

Privacy: Parents/guardians are strictly limited to requesting and receiving evaluation scores for their own child or player. Scores for other players will not be disclosed under any circumstances.

SSMHA Position: SSMHA views individual session scores as constructive feedback. Scores highlight specific technical strengths and identify areas for ongoing player development.

Request Timeline: Parents/guardians may request a copy of their player's scores 48 hours after the official public release of final division team rosters. Requests made prior to the 48-hour window will not be processed.

Provided Information: Upon approval, the player's individual scores will be provided by the Division Coordinator.

2. PLAYER RANKINGS

Strict Non-Disclosure: Player rankings will never be released to players, parents, or families for any reason, across any division or position.

Rationale: Relative rankings do not provide actionable feedback regarding a player's individual skill set or development needs. Rankings are strictly reserved for internal team formation purposes.
