

WVMHA C Level team formation policy

WVMHA makes every attempt to place players in the C level program on a team to allow them to have a successful season.

This is the format in which WVMHA uses as a guideline to form C level teams.

- 1- Time and date the player was registered.
- 2- Civic address of the registered player.
- 3- The availability of room on each team to keep numbers balanced.
- 4- In an effort to keep team numbers balanced WVMHA may form teams with more or fewer than 17 players.
- 5- Players requesting to play down an age level will be approved on a case by case basis.
- 6- Players requesting to play down may only be approved if there are less than 17 players on a team in the lower age group and will be required to pay the registration fee that is required for the player's actual age.
- 7- The location where a player has played in the past will have no bearing on what team or in what location that player may be placed in the future.
- 8- WVMHA reserves the right to close registration at any time when it is determined that there is no longer room for players in a certain age group.
- 9- WVMHA reserves the right to makes adjustments to these rules where it is in the best interest of the association.
