NOTE:

Coaching commitment requires approx. 10-12 hours per week at a minimum. (to include time spent at the rink before and after a game/practice) as well as extensive travel.

All coaches must agree to follow WVMHA's Hockey Development's mantra.

WVMHA supports its coaches through mentorship and coaching developmental opportunities throughout the season. Coaches are expected and encouraged to take advantage of these resources.

WVMHA's Hockey Coaching Mantra

WVMHA's focus is:

- To ensure the right coach is the right fit for the team.
- That skill development is paramount over wins and losses.
- To create and foster an environment where the passion for the game and enjoyment of coming to the rink is priority.
- Development is focused on developing a player's individual abilities and techniques within the team environment and ensuring good individual habits have a positive impact and contributes to the team's overall cohesiveness and success.
- Creating a safe environment, where we encourage and challenge players to do their best, free from ridicule, bullying and discrimination.

-To maintain WVMHA/HNS hockey culture as inclusive. We expect our coaches to lead by example, and with respect. We must always project a positive disposition to our association, our teammates and coaches, our opposition, the officials, and volunteers that make the game possible in our community.
