### **How will I benefit from tickets sold in support of my player?**

All individual sales are tracked and a database held of the fundraising from sales for your player. The amount will be used to reduce the cost of your registration next year and depending on the amount can be used against any costs that the team you join also incur.

### **How much fundraising do I get from sales?**

Players receive a credit for 36% of the sales made in their name. Credits totaling \$20 and above will be applied to the player's account at the end of the season. Credits totaling less than \$20 will be directed to the Hawks Player Assistance Fund.

### **What happens to the rest of the money?**

50% of the money goes to the winning ticket holder, we then need to pay fees to our partner (Rafflebox), credit card fees, licensing and banking costs. There is a very small figure that will go into the Hawks costs of running the draw such as promotion and marketing costs. Any money left over will move into the player support fund to help players with registration costs next season.

The fundraising amount will transfer into the player support funds to reduce the cost of hockey to players who might need some assistance.
